

DEAN PATCHIN AWARD

1. The award will be divided into six categories each with 25 points possible

Scholarship
Community Service
Campus Involvement
New Member Class
Alumnae Relations
Programming

2. Each chapter must apply on the standard application forms provided by Panhellenic for each category. All chapters will be considered for Scholarship and Community Service without completing an application. Applications must be filed for all six areas by all chapters wanting to be considered for the Patchin Award. A paper application does not have to be filed for Com
3. Chapter membership will be calculated by averaging the fall and spring membership totals from the Panhellenic membership rolls. This number will include new members.
4. The winner in each category will receive 25 points. Other chapters in that category will receive points based on the percentage of the winner's total points. In the example below, Alpha scored 150 points and is awarded 25 Patchin Points. Beta scored 80 points, which is 53% of Alpha's total of 150 points. As a result, Beta is awarded 13 Patchin Points, or 53% of the 25 possible Patchin Points. Likewise, Gamma receives 7 Patchin Points because the 40 points they scored is 26% of Alpha's 150, and 7 is 26% of 25.

The formula used is as follows:

Chapter's points divided by winner's points x 25 = Patchin Points awarded

Example: Campus Relations

| | | |
|-------|------------|--------------------------------------|
| Alpha | 150 points | 25 Patchin Points |
| Beta | 80 points | 13 Patchin Points (80 is 53% of 150) |
| Gamma | 40 points | 7 Patchin Points (40 is 26% of 150) |
| Delta | 25 points | 4 Patchin Points (25 is 16% of 150) |

5. As explained in page one, the chapter having the highest amount of points will be named the Dean Patchin Chapter. Again, in case of a tie, the Dean Patchin Award will be presented to the chapter with the highest grade point average for the award period. The divisional awards will go to the chapters with the most points in each division.

The application for these awards should be typed, or printed on separate sheets, and as concise as possible. The number of women on your membership rolls for Spring and Fall semesters should be provided according to the most recent records in the Office of Fraternity & Sorority Affairs. The award period is from January 1 to December 31 of the prior calendar year. **The awards application packet must be completed and turned into 211J SU by 4:30 p.m. on Friday, February 8, 2019.**

Each chapter may select categories in which they want to apply. The awards for scholarship and community service, do not require an application. There are no stipulations on the number of categories that a chapter may complete. However, no chapter can compete to be the Dean Patchin chapter unless they have actually submitted applications in all of the other 4 areas.

Based on this information, the chapter that has the highest cumulative Patchin Points total in the six Patchin categories will receive the Dean Patchin Award. This award will be awarded to only one sorority. In the event of a tie, the chapter with the highest grade point average will be awarded the Dean Patchin Award.

Awards for each individual sections of the Dean Patchin will be presented to those chapters who have excelled the most, as well as, the runner up, in that portion of the award. The scoring for each section will be based on the Dean Patchin scoring system.

Please complete each segment as indicated in the following directions. If more space is needed to provide information for a category than is given, then properly label and attach a sheet or sheets to the application with additional information. Filler material is discouraged and could lead to possible penalization.

LATE APPLICATIONS WILL NOT BE ACCEPTED.
