

# the Fraternity Way 2020

OKLAHOMA STATE UNIVERSITY®

# Welcome

**P**rospective and Current OSU students, On behalf of the Interfraternity Council here at Oklahoma State, I would like to thank you for expressing interest in our fraternity community! Through academic excellence, community service, philanthropy, and leadership development, our chapters prepare members not only for an enjoyable collegiate experience, but also to become positive contributors to society for years to come.

In the past 15 years alone, the all-fraternity grade point average on campus has far surpassed that of the all-men's average. Our members spend hundreds of hours each year in community service projects in order to meet the needs in our community and become active members of the place we get to call home. Through various events and activities, we are able to raise hundreds of thousands of dollars for deserving recipients through our philanthropic efforts. The Greek community on campus also serves as the primary contributor to on-campus leadership positions at OSU.

More than the accolades and recognition that our fraternity system has garnered over the years on every level, the greatest value we can provide to anyone interested in joining one of our organizations is a sense of belonging and community at Oklahoma State. As you begin your journey through the recruitment process, take the time to evaluate each chapter and where you might see yourself thrive. Look for a chapter community that boasts values that align with your own and a group of men who you would want to closely associate with for not only your undergraduate years, but as a lifetime of brotherhood.

Although we have some chapter houses that rival any fraternity system in the country, the physical structure of a chapter house is entirely insignificant beyond its function in the moment. It is the character of the men in a chapter that truly comprise the fraternity regardless of the house, or lack thereof. I want to encourage you to keep an open mind as you go through the process and remember, the friendships built in this community are of the utmost value and certainly not for college days alone!

Go Greek and Go Pokes!

# IFC Recruitment

## Becoming A Fraternity Member

To become a member of a fraternity or sorority, you must go through the process of recruitment. Recruitment, simply stated, is the membership selection process. Across the nation, universities execute this process at the beginning of their fall or spring semester. Here at OSU our recruitment process is an informal one, meaning that the bulk of our recruitment occurs during the summer. As IFC, we have implemented a registration process for potential new members of OSU fraternities.

To be eligible for recruitment, you must complete the Online Registration at [gogreek.okstate.edu/interfraternity-council](http://gogreek.okstate.edu/interfraternity-council) and click on “recruitment.” Follow that link to complete the IFC Recruitment Registration, which requires a \$50 fee, payable via debit/credit card. Applications for a fee waiver are available immediately below the recruitment registration link.

While fraternity recruitment is a year-round activity, summer recruitment unofficially starts in the early Spring. Each chapter has different features, advantages and benefits. It is important to note, the “best” chapter for you may not be the best fit for a friend or classmate. Signing Day is the first day fraternities are allowed to sign Potential new members. Keep in mind that this is the first day, and you will have the opportunity to sign with a chapter for the duration of the summer. Signing Day will be Saturday, July 11.

Each fraternity holds their own signing event, which all vary by times and venues. For any additional questions regarding recruitment you can contact the IFC Director of Recruitment, Jay Shank. He can answer any other questions you may have about the recruitment process and inform you of any other IFC sponsored events that would be beneficial to your recruitment process.

Please remember that IFC recruitment at Oklahoma State is a substance-free process. Any group who violates this concept is suspect and recruits should very closely evaluate that group’s values and standards. If any individual is found in violation of IFC’s Dry Recruitment Policy (including bringing alcohol to a recruitment event or consuming alcohol at a recruitment event), he will not be allowed to pledge/associate a fraternity for one semester.

## Questions You Should Ask

Following are some sample questions you should ask the representatives of the Greek organizations that approach you about becoming affiliated with them.

- Why should I join? What aspects of the chapter encouraged you to join?
- How long is the new member program and how much time do I need to devote to it?
- What other campus organizations have you had an opportunity to participate in as a result of your Greek experience?
- How does your chapter promote scholarship?
- In what ways is your chapter involved with philanthropies and community service?
- Is it possible to maintain a part-time job and still have time to fulfill your commitment to a fraternity?
- What are the founding values of your organization?

# Registration

To be eligible for Interfraternity Council recruitment, three steps must be completed prior to signing an Intent to Pledge/Associate Form. They are:

1. Online Registration

Go to [gogreek.okstate.edu/interfraternity-council](http://gogreek.okstate.edu/interfraternity-council) and click on “recruitment.” Follow that link to complete the IFC Recruitment Registration.

2. Registration Fee

A \$50 registration fee is required for every individual who intends to pledge/associate with a fraternity. Cash, checks and credit cards are accepted. Checks need to be made payable to IFC. Please contact the Director of Recruitment for information regarding a registration fee waiver if necessary.

3. Official High School/College Transcript

Your official high school/college transcript will be made available to all the chapters through the Office of Undergraduate Admissions. Submission is not necessary.

The first two items must be completed prior to signing an Intent to Pledge/Associate Form with any fraternity at Oklahoma State University. Registration is not complete if either of the required items is missing or incomplete. Any questions should be directed to:

Office of Fraternity & Sorority Affairs  
211J Student Union  
Stillwater, OK 74078  
405.744.5490

If an individual signs a Letter of Intent to Pledge/Associate Form but has not completed the above requirements, the Letter of Intent will not be accepted by the Office of Fraternity & Sorority Affairs and will be considered invalid until all steps are completed.

If any individual is found in violation of OSU Interfraternity Council’s dry recruitment policy (including bringing alcohol to a recruitment event or consuming alcohol at a recruitment event), he will not be allowed to pledge/associate a fraternity for one semester.

# Greek Awards

**O**klahoma State University recognizes the value of the Fraternity and Sorority system experience for its participants. Accordingly, the university encourages the participants to obtain outstanding levels of quality and to strive for continuous improvements. The organizations that participate are not competing against one another for recognition; rather, they are assessing how well they uphold or meet the criteria that comprise the program. A residual benefit of the Greek Awards is to provide a resource for the organizations that wish to improve their performance in one or more program categories.

## Award Categories

The broad categories include:

- **Academics:** This is awarded to the chapter that has demonstrated superior academic excellence throughout the 2019 calendar year.
- **College & Community:** This is awarded to the chapter that has demonstrated excellent community service participation, along with fostering a collaborative environment in the Greek community and intentional alumni engagement.
- **Member Development:** This is awarded to the chapter that has provided outstanding developmental opportunities for both new members and the chapter as a whole.
- **Chapter Management:** This is awarded to the chapter that exceptionally fosters an attitude of brotherhood in a way that is positive and relevant.
- **Campus Involvement:** This is awarded to the chapter that demonstrates diverse involvement in on-campus organizations and within the City of Stillwater.

## Interfraternity Council Recruitment Policy

As leaders of fraternities, we realize it is time to turn back and rediscover our values. It is time to return to our original purpose of building long-term relationships and encouraging our brothers to live up to the highest ideals. The first step is changing the focus of our current system for recruiting new members. The open structure of the current recruitment system provides great opportunities for fraternities to build solid friendships with men matriculating to OSU. The system itself does not need serious changes. However, alcohol has polluted the process and jeopardized our fraternal purpose. It is our objective to show both the public and ourselves that we can uphold an agreement to have an open recruitment devoid of alcohol. We see the need for a public, binding agreement among the leadership of the fraternities to follow the dry recruitment policy.

We affirm that the fraternity leaders, namely the chapter presidents, the recruitment chairmen and the chapter advisors, have both the responsibility and the ability to hold each chapter to this agreement. If our leadership fails to uphold its honor as gentlemen, we agree the university has the responsibility to swiftly and severely punish those chapters not upholding the agreement. We understand this proposal leaves a great deal of freedom to fraternities. We understand if any chapter violates this policy the future design of recruitment will lead to more cumbersome and less productive restrictions. Therefore, there is every reason to cooperate and make this system work.

## Leadership Agreement Of Accountability

The agreement will outline the rules of dry recruitment and the sanctions for violating the dry recruitment policy. The agreement must be signed by every chapter president, every recruitment chairman and one alumni advisor from each chapter. The agreement must be well publicized and covered in at least two newspapers. The agreement must be done annually prior to Greek Discovery Day. The agreement shall consist of three carbon copies: one will be sent to the Office of Fraternity & Sorority Affairs, one sent to the chapters and one sent

to the individual leader. The success and honor of the system will rest on the shoulders of each leader.

No fraternity may provide alcoholic beverages at any recruitment function.

**Definitions:**

- a. "Fraternity" is defined to include the actions of members, fall and spring pledges/associates, mom's and/or dad's clubs, and alumni.
- b. "Alcoholic beverages" is defined to include intoxicating spirits, malt liquors, beer and 3.2 percent beer.
- c. "Recruitment party" is defined to include any fraternity action where one or more fraternity representatives are present and one or more recruits/signees are present.
- d. "Recruit" is defined to include any male who is college age or below who is not a member or pledge/associate of a fraternity who is interested in becoming a fraternity member. An individual does not have to be enrolled at OSU to be considered a recruit.
- e. "Signee" is defined to include any male who is college age or below who has signed a letter of intent to pledge to a said fraternity, but has not signed an IFC authorized membership card.

Recruits/signees may not bring their own alcoholic beverages to a recruitment function. Fraternity chapters will not be held responsible for recruits who arrive at their recruitment function(s) intoxicated, but fraternities will be held responsible for any alcohol brought to the said function by the recruit/signee if not discarded by the said fraternity.

No fraternity representative may drink with, give to, purchase for, or otherwise provide any alcoholic beverages, either directly or indirectly, to any recruit/signee regardless of age.

Violations of these provisions shall be referred to the IFC Judicial Board.

\*There are currently no fraternities on the OSU campus with dry recruitment infractions.

## Hazing Policy

Oklahoma State University's Interfraternity Council prohibits hazing in any form or fashion. Any member fraternity or individual member or pledge/associate thereof who is involved in any way with a hazing incident will be charged and brought before either the IFC Judicial Board or the University Judicial Affairs Officer for appropriate action.

Hazing at Oklahoma State University has been defined as follows:

"Hazing" means any activity which recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating subjects to the sanction of the public or private school, or of any institution of higher education in this state.

"Endanger the physical health" shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, alcoholic beverages as defined in Section 506 of Title 37 of the Oklahoma Statutes, non-intoxicating beverage as defined in Section 163.2 of Title 37 of the Oklahoma Statutes, drug controlled dangerous substance or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual.

"Endanger the mental health" shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

## Equal Opportunity Statement

The Interfraternity Council of Oklahoma State University, consisting of the local chapters of the fraternities previously listed, in accordance with Title IV of the Civil Rights Act of 1964, does not discriminate on the basis of race, religion, ethnicity or national origin in any of its policies, practices or procedures.

# Alpha Tau Omega

Being a Chapter President of a fraternity was something I never thought I would have been able to say I achieved. Coming into college, I did not know if I wanted to rush or go greek. When I met with the recruiters of Alpha Tau Omega, I knew I had found my home. The first thing they told me as a PMN, ATO is a Leadership Fraternity. I knew leadership was something I wanted to continue to grow in while in college.

ATO is based on Christian Principles. Knowing that ATO is based on these types of principles allows for a stronger brotherhood. Being held to a higher standard is what the men of Alpha Tau Omega do on

a daily basis.

Through our education process we learn how to come together as a brotherhood to get through hard times, and to celebrate our triumphs.

# Beta Upsilon Chi

Gentlemen, welcome to Oklahoma State!

I came to college in the fall of 2017. In high school my faith was one of the most important things to me and when I came to college, I wasn't sure how I would find a group of friends that would support me in that. Then, I heard about BYX and it was described to me as "a fraternity of Christian guys that face life together." This is such an understatement of what this fraternity has been me. In my first semester of BYX alone, I found guys I could be open with and share my struggles with and know they would always be there to support me. I met guys that pushed me to grow in my personal relationship with Christ by studying the word daily. I met guys that helped me get involved serving at the church I attend so that I can make a difference in my community. The men in this fraternity have shown me what it means to live out your faith daily. BYX has also allowed me to be a light on campus. Through events such as parties,

intramurals and philanthropy events BYX has given me a platform to share my faith that without them I wouldn't have. Another aspect of BYX I love is our weekly chapter meetings. Every Monday night I get the chance to not only fellowship with my brothers but also praise God in a time of worship and a message. These are just a few ways BYX has shaped me into the man I am today and I couldn't be more grateful for God putting this fraternity in my path.

# Delta Tau Delta

Gentlemen,

3 years ago, I was in the same shoes as most of you reading this. I was a wide-eyed, nervous freshman unsure of what was to come of my time in college. I was sure of one thing, however. I never wanted to join a fraternity. It was not a thought in my mind. I never wanted to be associated with what I thought was a culture of drinking, poor academics, and having no other thought for anyone but myself. I didn't know how wrong my perspective was until I got to Camp Cowboy and met people that were part this culture that I had formed an unfounded opinion of. I'm not sure what lead me to say "Yes" to

rushing Delta Tau Delta (or Delt, as we call it), but I am sure that if I had not taken this leap of faith, I would not have lasted past my first semester at Oklahoma State. When I think of Delt, there is not one bad thought that comes to my mind. Sure, there has been its share of ups and downs, but I do not have an ounce of regret for anything that I have been a part of at Delta Tau Delta. The comradery that is established between every member in the house is unlike anything that I have seen, even with my closest friends back home. The men in Delt hold each other to a high standard of excellence while also being a brother to lean on in times of need. Our members are incredibly genuine, charismatic people whom I have the honor to lead. My experience at Delt has been one of the best in my life, and it could not have been possible without these people to push me to become the man I am today. Should you choose to Pledge Delta Tau Delta, I look forward to being your President.

Sincerely,

Hello,

My name is Derek Deyarmin the current president of Kappa Alpha Order. As a KA we strive to be the modern gentleman, we hold chivalry and Godliness as our highest values. From things as simple as holding doors for others, to driving hours to help a brother when their car breaks down, KA runs deep through all of our members. We hold each other to the highest of standards and are very strong on accountability and striving to be the best people that we can be in all aspects of life. With school, friends, family, and community, we aim to better each other and better our communities. As a man from

Pittsburgh, Pennsylvania, I found KA to be my home away from home. A place where I could meet amazing men and have a strong sense of brotherhood and family. The brotherhood that we hold and the great times that we have are not something that can be found anywhere else. I look forward to speaking with you and I hope you have a wonderful GDD.

Sincerely,  
Derek Deyarmin and the gentlemen of KA

Future Cowboy,

Reflecting on the past three years of college, it seems as if the time has flown by with intense speed. It feels as if I was just moving into Fiji last week, but as I joyfully think about the past three years, memories of Fiji are the only ones present in my thoughts. As I go through these memories I think of all that Fiji has given to me. The accountability that I have been held to, the leadership qualities that I have formed, the brotherly bonds that have been molded from people of all different backgrounds and lifestyles. In Fiji, the brotherhood is concerned with making your college experience

some of the best years of your life and building lifelong friendships. We are equally concerned with building productive members of society that will enter their life after college with an unsettling hunger to achieve greatness. I know that this organization has been one of the foundational experiences of my life, and I know that I will look back onto the decision of joining Fiji with an attitude of admiration and appreciativeness. I hope that you find your place in the Greek Community, whether that be with Fiji or another fraternity. Oklahoma State has one of the best Greek systems in the nation and every house on this campus would be a great choice. This is an exciting time in your life, so soak it all up because these next four years will be some of the most memorable of your life. If you have any questions or concerns about Fiji do not hesitate to contact myself or anyone on the rush team!

# Phi Kappa Sigma

Dear Future Fraternity Member,

The path you are about to embark on is one destined for greatness. Much like you I came to college interested in Greek life. I did not exactly know what fraternity I would rush but in the back of my mind, it was always an option. Joining a fraternity is what makes you as a man on this campus, stand out amongst the rest of the men here. You will graduate at a 4.8 percent higher rate than your male non-Greek peers, you will earn leadership skills for life and you will give back to your community. I can say, without a doubt, Phi Kappa Sigma is the right fraternity for me and I will enjoy spending the rest of my college career in this organization. Joining Phi Kappa Sigma will grant you that and more. While we are an unhooded fraternity, there are a few advantages to this and I greatly enjoy being unhooded. I do have other friends in houses and they love it, however, being unhooded is what you make of it. As you can see, we are a cheaper option if financials could be an issue and we make the most of the time we spend together. We give back to our community by volunteering at the local Habitat for Humanity and we raise money every Spring semester for our national philanthropic organization, the Leukemia &

Lymphoma Society through our event, Shave-A-Skull. We strive to be an inclusive organization and we strive to teach our members, through our seven core values, that we are here to be better than we were when we arrived on this campus as regular students. This was the best decision I made when I came to this university and I found the right fraternity in Phi Kap. I hope that you take this advice to drive you to find the right one as well. Good luck in your search and enjoy college.

Gentlemen,

Welcome to Oklahoma State University! You will look back one day and see coming to OSU and joining Greek life as one of the best decisions you ever made. Oklahoma State has many storied traditions as well as one of the best game day atmospheres in college football. Greek life here only adds to those traditions and experiences with everything from homecoming to shows, such as Spring Sing and V.R., to tailgates and more.

At Phi Kappa Tau we pride ourselves on building men of distinction. Our new member process is built to instill good study, social, and moral skills to ensure that you find success in college and beyond. This does not, however, end with the new member process. Throughout your time as a Phi Tau you would be continually pushed to build yourself as a leader, a scholar, and a man, whether it's being encouraged to join shows, take leadership positions, or participate in one of the many other campus organizations at Oklahoma State. Joining Phi Kappa Tau means gaining lifelong friendships, essential skills, and some of the best memories of your life.

# Sigma Nu

Dear 2020 Recruitment Class,  
My name is Evan Jordan I am the President of Sigma Nu here at Oklahoma State. Congratulations on your admission to Oklahoma State and deciding to participate in Rush 2020. Greek life at Oklahoma State is a unique experience that you cannot find anywhere else in the country. I look forward to getting to know many of you this summer and throughout your college careers. Sigma Nu is founded on the values Love, Honor, and Truth. At Epsilon Epsilon (the Oklahoma State Chapter), we focus on living our lives, and leading others with these values in mind each and every day. Sigma Nu has provided me with friendships to last a

lifetime. My time at Sigma Nu has taught me the importance of lending a helping hand. Being a Sigma Nu is a lifetime commitment to being a part of an organization that is much bigger than yourself. College is a difficult time. Greek life and Sigma Nu specifically, have provided me with the proper tools to succeed and help my brothers to do so as well.

Each year at Sigma Nu, we host our annual philanthropy Temple Classic on Greek Discovery Day weekend. In recent years, we have led the greek houses in the amount of money our event brings in. In 2018, we were able to raise \$32,000 for Trimble Strong. In 2019, we raised \$25,000 for Cleats for Kids. This year, we are partnering with Lilyfield and we have set a goal to raise \$40,000. We hope you will stop by and meet some of the guys and see the event. We look forward to meeting you this summer and I wish you the best of luck during this recruitment process.

I commend you for taking the next step to further develop yourself as a man by considering joining an Oklahoma State Fraternity. You are about to embark on what will be one of the most exciting and memorable experiences of your life. Personally, making the decision to join this nationally acclaimed Greek community by accepting my bid to Sigma Phi Epsilon was one of the best decisions I have ever made. Sigma Phi Epsilon

at Oklahoma State is within the top 10% of Sigma Phi Epsilon Chapters nationwide. Sigma Phi Epsilon was founded on three basic principles: Virtue, Diligence, and Brotherly Love. These principles set us apart because we utilize them in a unique development program called "The Balanced Man Program." Among other things, the program will ensure you develop the necessities for a sound mind and a sound body, which will pave the way for a successful life after college. Aside from the Balanced Man Program, we pride ourselves on our commitment to academics, this includes our for University credit class held in our basement; our actively engaged members that are involved in various leadership roles across campus, competitive athletics, theatrical productions, and philanthropic endeavors; and finally, above all else, our commitment to brotherhood. The men of Sigma Phi Epsilon are my best friends, my mentors, the people who challenge me, the people who want me to succeed, and they truly are my brothers.

# Tau Kappa Epsilon

Gentlemen,

When searching for a fraternity to join at OSU, there are many quality options to choose from, and it may feel overwhelming. Every fraternity can offer brotherhood, leadership opportunities, and philanthropy work, along with the experience of a lifetime if you find one right for you! Although many fraternities can offer this experience, TKE goes above and beyond in what we can offer. TKE offers opportunity! Every active TKE member in our chapter is a passionate brother who chose TKE because they had the ability to create their culture. Within a year of the fraternity reopening on campus, we have pledged 23 members, with many more to come in following years. If you feel that you are looking for the fraternity experience, while also being able to label yourself immediately as a voice and as a leader who makes a

difference, TKE is a great option for you. We believe in being passionate about your fraternity as much as your school. Proud “Pokes”, every member of our chapter is proud to be a TKE, and because of this, we have developed a culture unlike any other on campus. If the opportunity to be a genuine leader and influential voice in our fraternity feels like too much to pass up, we invite you to meet with us and view the culture that we have created at TKE.

Best of luck in your decisions, we hope to see you soon, and as always, Go Pokes!

Greek Life can be the most rewarding experience of a college student's life and the Greek community presents an opportunity to find our best friends and a sense of belonging. Before college, I never saw myself joining Greek Life; I consider joining Theta

Chi the greatest decision I of my life. Here at Oklahoma State I am 1500 miles away from home; not once have I been homesick and I have my brothers to thank for that. I am excited for our chapter's future, for I know it will be a successful one. Find your passion during your time at OSU and pursue it.
