Greetings from the Office of Fraternity & Sorority Affairs! The Greek community at Oklahoma State University is one of the most dynamic in the country. OSU Greeks continually win awards at every level: personal, chapter, regional, divisional and national. For many years we have had top chapters of national fraternities and sororities on our campus. This is an exceptional Greek community you are considering.

OSU Greek men excel in a number of areas. The all-fraternity grade point average has been above the all-undergraduate men's average for at least 30 semesters. Fraternities consistently perform more community service, literally thousands of hours, than any other segment of the OSU family. Fraternity teams have always won the all-university intramural trophy. And, yes, there are social events as well.

As you study the fraternities of OSU, look closely at the chapters from several points of view. Look beyond the actual physical structure that could be your home for the next four years. Look at the men who live there now. Look at the achievements of each chapter. Each chapter will have strengths particular to that fraternity.

As representatives of each fraternity talk with you, consider the founding values of the organization. They should be able to tell you how and why their organization was founded. Ask them how they live up to those values in their chapter today, both on campus and in the surrounding communities.

You should associate with a fraternity of men who have similar values, interests and goals to your own. You should associate with a fraternity of men you feel comfortable around. You should associate with a fraternity of men who you will be proud to call "brother" for the rest of your life.

Be aware that the Interfraternity Council's recruitment process is substance free. Any organization that violates this criterion is dubious and you should closely evaluate its values and standards.

Please note that every effort has been made to provide you with accurate and up-to-date information about each fraternity. However, all the information contained on the chapter profile pages is subject to change at any time without notice. Any questions regarding specific information listed on any of the chapter profile pages can be directed to the recruitment chairman for that fraternity.

Enjoy yourself as you consider becoming involved with one of the finest collections of fraternities in the nation. Select wisely, you are making a lifelong commitment.

Sincerely,

Hal Gregory
Manager of Fraternity & Sorority Affairs
Oklahoma State University
At Oklahoma State University “fraternity” is used to describe a brotherhood of men who have voluntarily joined together to achieve excellence in several areas. OSU fraternities promote academic achievement, leadership opportunities, campus activities, fellowship, community service to both the Oklahoma State campus and the city of Stillwater, and help prepare members for successful careers.

While local fraternities had been in existence on the Oklahoma A&M campus since 1908, Lambda Chi Alpha became the first nationally recognized fraternity at Oklahoma A&M College on September 15, 1917. Between 1908 and 1916 sub rosa groups, including the men’s groups Delta Sigma, Sigma Beta Chi, Phi Kappa Delta and Gamma Zeta and the women’s group Beta Phi, Alpha Theta, Gamma Phi and Delta Delta flourished. An Interfraternity Council and a Panhellenic Council were already in place when the first nationally recognized group, Lambda Chi Alpha, arrived in 1917. The War Department ordered Greek Life suspended until after World War I, but when the war ended Greek development at OA&M exploded. Eleven national fraternities were installed on campus in 1919-1920. The oldest group, and the first to purchase a chapter house, Delta Sigma, became recognized as the Gamma Lambda Chapter of Beta Theta Pi in 1923.

Today, the fraternity system has grown to 24 nationally recognized men’s organizations. The Interfraternity Council of Oklahoma State University governs these groups.

Although the university acknowledges, supports and values self-governance as part of the collegiate Greek experience, the university believes self-directed activities can be facilitated and enhanced through stable and guiding relationships with qualified and experienced professional personnel of the university.

Therefore, the Office of Fraternity & Sorority Affairs is responsible for advising the self-directed activities of the governing councils of the Greek system, including the Interfraternity, Panhellenic, National Pan-Hellenic and Multicultural Greek Councils. The role of such advisement includes coordinating, training, guiding, counseling, supporting and assisting the councils in function effectively within the frameworks of the university, North-American Interfraternity Conference, National Panhellenic Conference and National Pan-Hellenic Council policies.

The Office of Fraternity & Sorority Affairs is managed by two full-time professionals, a full-time administrative support specialist, and four half-time graduate assistants. Eyal Gregory, Assistant Director of Fraternity & Sorority Affairs, interacts primarily with the Interfraternity Council and the National Pan-Hellenic Council, and their member organizations. Casey Domnick, Coordinator of Fraternity & Sorority Affairs, interacts primarily with the Panhellenic Council and the Multicultural Greek Council, and their member organizations. Molly Bennett, graduate assistant, assists Eyal, and co-advises Order of Omega. Colin Kundak, graduate assistant, oversees Fraternity & Sorority Affairs programming and co-advises Junior Greek Life. Molly Schueman, graduate assistant, assists Casey Domnick and co-advises Junior Greek Life. Hammad Sirdauf, graduate assistant, advises the Multicultural Greek Council, the National Pan-Hellenic Council, and co-advises Order of Omega. Elizabeth Greenwood, Administrative Support Specialist, supports the Office of Fraternity & Sorority Affairs.

Becoming A Fraternity Member

To become a member of a fraternity or sorority, you must go through the process of recruitment. Recruitment, simply stated, is the membership selection process. Across the nation, universities execute this process at the beginning of their fall or spring semester. Here at OSU, our recruitment process is an informal one, meaning that the bulk of our recruitment occurs during the summer. Oklahoma State’s Interfraternity Council (IFC) has implemented a registration process for potential new members of OSU fraternities.

Before a young man can commit to affiliating with a fraternity, also known as “signing,” he must complete the IFC registration. Seven days after the application and fee are received by the Office of Fraternity & Sorority Affairs, the recruit may sign with the fraternity of his choice that has extended him a bid.

While fraternity recruitment is a year-round activity, summer recruitment unofficially starts with Greek Discovery Day. Greek Discovery Day will be in the early Spring.

Throughout the summer, individual fraternities will contact potential new members. Each chapter has different features, advantages and benefits. It is important to note, the “best” chapter for you may not be the best fit for a friend or classmate. IFC encourages you to play a proactive role in your recruitment process by attending Greek Discovery Day.

Signing Day is the first day fraternities are allowed to sign prospective new members. Keep in mind that this is the first day, and you will have the opportunity to sign with a chapter all summer. Signing Day for 2018 will be on June 23. Each fraternity holds their own signing party, which all vary by times and venues.

For those of you who are unable to attend Greek Discovery Day, you can get involved by contacting the IFC recruitment chairman. He can answer any other questions you may have about the recruitment process and inform you of any other IFC sponsored events that would be beneficial to your recruitment process.

Questions You Should Ask

Following are some sample questions you should ask the representatives of the Greek organizations that approach you about becoming affiliated with them.

- Why should I join? What aspects of the chapter encouraged you to join?
- What are the financial obligations of a new member?
- Are there additional costs that members are required to pay other than the fees listed?
- Does your chapter offer need-based scholarships or other payment plans?
- How long is the new member program and how much time do I need to devote to it?
- What is the percentage of new members who get initiated into your fraternity?
- What other campus organizations have you had an opportunity to participate in as a result of your Greek experience?
- How does your chapter promote scholarship?
- In what ways is your chapter involved with philanthropies and community service?
- What types of activities are planned with other Greek organizations?
- Is it possible to maintain a part-time job and still have time to fulfill your commitment to a fraternity?
- What is the availability of housing and what are the rules pertaining to living in the fraternity house?
- How will Greek life benefit me in the future?
- What are the founding values of your organization?

To be eligible for Interfraternity Council recruitment, three steps must be completed prior to signing an Intent to Pledge/Associate Form. They are:

- Online Registration
  Go to go.greek.okstate.edu/interfraternity-council and click on “recruitment.” Follow that link to complete the IFC Recruitment Registration.
- Registration Fee
  A $50 registration fee is required for every individual who intends to pledge/associate with a fraternity. Cash, checks and credit cards are accepted. Checks need to be made payable to IFC.
- Official High School/College Transcript
  Your official high school/college transcript will be made available to all the chapters through the Office of Undergraduate Admissions. Submission is not necessary.

The first two items must be completed prior to signing an Intent to Pledge/Associate Form with any fraternity at Oklahoma State University. Registration is not complete if either of the required items is missing or incomplete. Any questions should be directed to:

Office of Fraternity & Sorority Affairs
211J Student Union
Stillwater, OK 74078
405.744.5490

If an individual signs a Letter of Intent to Pledge/Associate Form but has not completed the above requirements, the Letter of Intent will not be accepted by the Office of Fraternity & Sorority Affairs and will be considered invalid until all steps are completed.

If any individual is found in violation of OSU Interfraternity Council’s dry recruitment policy (including bringing alcohol to a recruitment event or consuming alcohol at a recruitment event), he will not be allowed to pledge/associate a fraternity for one semester.
Oklahoma State University recognizes the value of the Greek system experience for its participants. Accordingly, the university encourages the participants to obtain outstanding levels of quality and to strive for continuous improvements. The primary purpose of the Chapter Quality Achievement Program, a strategy for quality, is to recognize the Greek organizations for their outstanding achievement in a number of areas. Its secondary purpose is to serve as a strategic planning system designed to enhance overall quality for the organization.

The organizations that participate are not competing against one another for recognition; rather, they are assessing how well they uphold or meet the criteria that comprise the program. Therefore, no specified number of awards are presented each year. Although participation in the Chapter Quality Achievement Program is voluntary, participation is encouraged as a means of enhancing the Greek system at Oklahoma State University.

A residual benefit of the Chapter Quality Achievement Program is to provide a resource for the organizations that wish to improve their performance in one or more program categories.

**Award Categories**

The broad categories comprising the award include:
- Alumni Relations
- Brotherhood/Unity
- Chapter Management/Leadership
- Financial Management
- Individual/Campus Involvement
- Member Education
- Philanthropy/Community Service
- Physical Development
- Property Management
- Public Relations
- Recruitment Program
- Relationship with Advisors/House Corporation
- Relationship with National/International Office
- Relationship with University/Administration
- Risk Management
- Scholarship

**Award Levels**

The Chapter Quality Achievement Program is composed of two levels of awards:

- **Exemplary Performance:** Awarded to each organization that attains a minimum of 90 percent of the possible points.
- **Commended Performance:** Awarded to each organization that attains a minimum of 80-89.9 percent of the possible points.

Greek organizations that receive either award are entitled to use this distinctive honor (exemplary or commended) in their various activities for the upcoming year. For example, during an organization’s upcoming recruitment program the organization is entitled to inform recruits that it is the recipient of the current year’s exemplary or commended performance award.

Regrettably the Exemplary and Commended Performance awards are not being presented this year due to an oversight in the Office of Fraternity & Sorority Affairs. The application is 40 pages long and it was not distributed in time to allow the chapters to complete it to the best of their ability prior to publication of this booklet.

However, in an effort to recognize past recipients you will find the appropriate symbol on each fraternity’s page based on their past fifteen years’ performance in this valuable exercise.

*Award designations reflect the most up-to-date recipients at time of publication.*
Fraternities at Oklahoma State University strive for high scholarship and the development of academic excellence among their members. All chapters at OSU maintain academic membership entrance requirements higher than the standards required by the university. Most chapters also require a minimum GPA to remain an active member. To assure brothers are progressing academically, all chapters provide scholastic assistance in various forms. This assistance can include tutoring, academic monitoring, scholarship awards and test files. Chapter members know the importance of helping new members adjust to university level academics and help prepare them for academic achievement. The Greek community at OSU will help you adjust to your new surroundings and give you many opportunities to attain academic excellence while you are in college. Recently, the Greek community at OSU was nationally recognized for the seventeenth semester since 2005 for achieving the highest possible differential between Greek and non-Greek grades in the Midwest. We take great pride in the fact that the all-fraternity average GPA is consistently higher than the all-undergraduate men’s average GPA at OSU.

Please understand not all Greek letter groups that may be considered fraternities are recognized by the Interfraternity Council. Groups that are not recognized are not allowed to participate in many of the activities at OSU that provide the full “Greek experience.”

While other groups may have aspirations of membership in the Interfraternity Council, the list below and the organizations actually described in this booklet are the only current members of IFC.

At the time of publication of this booklet the following 24 fraternities are members of the Interfraternity Council and are recognized by Oklahoma State University:

Interfraternity Council Recruitment Policy
As leaders of fraternities, we realize it is time to turn back and reevaluate our values. It is time to return to our original purpose of building long-term relationships and encouraging our brothers to live up to the highest ideals. The first step is changing the focus of our current system for recruiting new members. The open structure of the current recruitment system provides great opportunities for fraternities to build solid friendships with men matriculating to OSU. The system itself does not need serious changes. However, alcohol has polluted the process and jeopardized our fraternal purpose. It is our objective to show both the public and ourselves that we can uphold an agreement to have an open recruitment devoid of alcohol. We see the need for a public, binding agreement among the leadership of the fraternities to follow the dry recruitment policy.

We affirm that the fraternity leaders, namely the chapter presidents, the recruitment chairmen and the chapter advisors, have both the responsibility and the ability to hold each chapter to this agreement. If our leadership fails to uphold its honor as gentlemen, we agree the university has the responsibility to swiftly and severely punish those chapters not upholding the agreement. We understand this proposal leaves a great deal of freedom to fraternities. We understand if any chapter violates this policy the future design of recruitment will lead to more cumbersome and less productive restrictions. Therefore, there is every reason to cooperate and make this system work.

Leadership Agreement
Of Accountability
The agreement will outline the rules of dry recruitment and the sanctions for violating the dry recruitment policy. The agreement must be signed by every chapter president, every recruitment chairman and one alumni advisor from each chapter. The agreement must be well publicized in at least two newspapers. The agreement must be done annually prior to Greek Discovery Day. The agreement shall consist of three carbon copies: one will be sent to the Office of Fraternity & Sorority Affairs, one sent to the chapters and one sent to the individual leader. The success and honor of the system will rest on the shoulders of each leader.

No fraternity may provide alcoholic beverages at any recruitment function.

Definitions:
- “Fraternity” is defined to include the actions of members, fall and spring pledges/associates, mom’s and/or dad’s clubs, and alumni.
- “Alcoholic beverages” is defined to include intoxicating spirits, malt liquors, beer and 3.2 percent beer.
- “Recruitment party” is defined to include any fraternity action where one or more fraternity representatives are present and one or more recruits/signers are present.
- “Recruit” is defined to include any male who is college age or below who is not a member or pledge/associate of a fraternity who is interested in becoming a fraternity member. An individual does not have to be enrolled at OSU to be considered a recruit.
- “Signee” is defined to include any male who is college age or below who has signed a letter of intent to pledge to a said fraternity, but has not signed an IFC authorized membership card.

Recruits/signees may not bring their own alcoholic beverages to a recruitment function. Fraternity chapters will not be held responsible for recruits who arrive at their recruitment functions intoxicated, but fraternities will be held responsible for any alcohol brought to the said fraternity by the recruits/signees if not discarded by the said fraternity.

No fraternity representative may drink with, give to, purchase for, or otherwise provide any alcoholic beverages, either directly or indirectly, to any recruit/signee regardless of age.

Violations of these provisions shall be referred to the IFC Judicial Board.

*There are currently no fraternities on the OSU campus with dry recruitment infractions.

Hazing Policy
Oklahoma State University’s Interfraternity Council prohibits hazing in any form or fashion. Any member fraternity or individual member or pledge/associate thereof who is involved in any way with a hazing incident will be charged and brought before the IFC Judicial Board or the University Judicial Affairs Officer for appropriate action.

Hazing at Oklahoma State University has been defined as follows:

- “Hazing” means any activity which recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or affiliation with any organization operating subjects to the sanction of the public or private school, or of any institution of higher education in this state.

- “Endanger the physical health” shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forcing calisthenics, exposure to the elements, forced consumption of any food, alcoholic beverages as defined in Section 506 of Title 37 of the Oklahoma Statutes, non-intoxicating beverage as defined in Section 162.2 of Title 37 of the Oklahoma Statutes, drug controlled dangerous substance or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual.

- “Endanger the mental health” shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Equal Opportunity Statement
The Interfraternity Council of Oklahoma State University, consisting of the local chapters of the fraternities previously listed, in accordance with Title IV of the Civil Rights Act of 1964, does not discriminate on the basis of race, religion, ethnicity or national origin in any of its policies, practices or procedures.

Welcome to Oklahoma State!
At Beta Theta Pi, we are dedicated to the building up of men of principle for a principled life. By following our core values, we are able to create a culture that cultivates success and brotherhood. Whether in the classroom, or on the intramural fields, on the stage or in the community, Beta continues to create the standard for others to follow. When you enter the house you might see an artist, an engineer, a businessman or a doctor, but in all these men you will see the character of Beta. The character of Beta means no matter how far you go or how long ago you left, the friendships formed at 1207 will last a lifetime.

I, along with the rest of our chapter, hope you will consider Beta during your recruitment.

Beta Upsilon Chi

Gentlemen, welcome to Oklahoma State!

Beta Upsilon Chi exists for the purpose of establishing brotherhood and unity among college men, based on the common bond of Jesus Christ. We are an organization that is both fully Christian and fully fraternal. BYX was created to fill a hole between campus ministries and the fraternity community. This alternative to the fraternal lifestyle puts college men in a position to grow in their relationship with Christ, while providing the opportunities for brotherhood and social life offered by other fraternities.

BYX participates in community-wide service, philanthropic events, intramurals and we have a strong presence at OSU Athletic events. We are dedicated to academic excellence and committed to leadership development, all while maintaining consistent devotion to Christ.

The men of Beta Upsilon Chi welcome you to the next chapter in your life and we hope you consider our brotherhood!

Bradley Shofner
President, Beta Upsilon Chi

Welcome to OSU and FarmHouse Fraternity!

FarmHouse is not just an institution, but a group of men who want to better themselves. Our purpose is to build men physically, intellectually, spiritually, and socially/morally. We place great emphasis upon the qualities of Faith, Ambition, Reverence, Morality, Honesty, Obedience, Unity, Service, and Excellence. We stand for the things that contribute to helping men grow, and are against anything that can deter us from this process. Our motto is "Builders of Men," and we strive to do just that every day. Men who join FarmHouse will find a place to be challenged and grow daily, while making lifelong friendships, and everlasting memories. A man will get more out of FarmHouse than he could ever possibly give back. FarmHouse is more than just a place to stay for four years. It is a way of thinking, acting, and living that a man will carry with him for the rest of his life.

The men of FarmHouse wish you the very best as you enter this new period of your life.

Fraternally,

Ben Davis
President, FarmHouse Fraternity

Gentlemen,

Congratulations on your initiative to participate in one of Oklahoma State's oldest traditions. The choice to take part in Oklahoma State Greek Life will be one of the best decisions you could make during your time on campus. I hope you'll find that this journey is a defining moment in your life, and one that you'll reflect on with a great sense of pride and accomplishment as you move onto the next chapter after your time here.

Founded in 1920, Kappa Sigma is the oldest continually operating chapter at Oklahoma State. Nationally, Kappa Sigma is the world's largest social and collegiate fraternity with chapters operating in both the United States and Canada. With over 300,000 living members and 20,000 active undergraduate brothers spread throughout over 320 chapters and colonies, networking opportunities are never in short supply. Our mission is to instill the values of Fellowship, Leadership, Scholarship, and Service upon our members, and encourage them to reach their full potential both academically and socially.

Our Executive Council and recruitment team are committed to helping all of you find your place on this campus, and encourage you to reach out to us with any questions you may have. We look forward to meeting all of you this summer, and wish you the best of luck with the recruitment process.

Phi Delta Theta

Gentlemen,

I am grateful to be able to welcome you, not only to your new family as a cowboy, but also in the Greek Community. We at Phi Delta Theta have been established at Oklahoma State since December 24th, 1946. During this time we have offered much to the community and furthered this impact into the rest of their adult lives. The Phi Delta Theta family has shown resilience throughout its time on campus including rebuilding after a house fire in 1983 and once again re-founding its chapter in 2018 following a few years of being absent. Most of this resilience can be attributed to our strong alumni base, and the leadership skills you obtain after becoming a Phi Delt man. This re-founding has allowed us to build from scratch, learn several leadership and development skills, and has put us on the path to longstanding success. I am proud to call each and every one of the members in this chapter my brother, and cannot wait to see what potential we can create in our next brothers’ panees. Our mission is not to become better than your fellow man, but to make sure every member that leaves Phi Delta Theta Oklahoma Beta on Oklahoma State’s campus is better than the man that arrived there. We want to build friendships that will last a lifetime, instill the principal of sound learning, and truly become the greatest versions of ourselves. Part of what displays these principles coming to light is our strong alumni base, our numerous awards from one of the most highly regarded headquarters in the nation with over 200 chapters, and being the leading donor to ALS (Lou Gehrig’s Disease) for the past decade. Our mission one of the members in this chapter my brother, and cannot wait to see what potential we can create in our next brothers’ panees. Future Cowboy.

As you begin your journey here in Stillwater, I want to congratulate you on wishing to join one of the best Greek systems in the nation. If you are undecided about whether or not to go Greek, I would say to you that it has been one of the most rewarding things I have ever done in my life, and that there is no better place to partake in a Greek system than here at Oklahoma State. In the months to come, you will engage in some of the richest Oklahoma State traditions and cultures there are including Homecoming, Follies, philanthropic experiences, and academic success. As you begin the recruitment process, I would encourage each of you to find a chapter that suits you and intends to shape you into a well-rounded individual. You will find Greek life at OSU focused on friendship, servitude, and excellence. On behalf of the Sigma Omicron Chapter of Phi Gamma Delta, I want to welcome you to Stillwater and wish you the best of luck in your future endeavors.

Welcome to Oklahoma State!

First off congratulations for your acceptance to Oklahoma State! The journey you are about to embark on will be one of the most memorable experiences of your life and one you will not regret. Oklahoma State is home to timeless traditions that you will soon carry on. One of the most prideful traditions is our nationally acclaimed Greek community. Making the decision to join this Greek community was far more beneficial than I could have imagined. Sigma Phi Epsilon was founded on three basic principles: Virtue, Diligence, and Brotherly Love. These principles set us apart because we utilize them in a unique development program called “The Balanced Man Program.”Among other things, the program will cause you develop the necessities for a sound mind and a sound body, which will pave the way for a successful life after college. Today, you can find our members actively engaged in various leadership roles across campus, participating in competitive athletics, theatrical productions, and philanthropic endeavors.

I wish you the best of luck through your recruitment process.

Sigma Tau Gamma

Gentlemen,

Welcome home, to Oklahoma State University. On behalf of the Epsilon Psi chapter of Sigma Tau Gamma I would like to welcome you and congratulate you on choosing to possibly be a part of one of the greatest Greek Communities in the nation. We here at Oklahoma State and Sig Tau are very excited for you all to be here and for you to be interested in our organization. The choice to join Sig Tau has been one of the best decisions I have made during my collegiate career and it has paid off in a big way.

Some of the benefits that I have realized from being a part of my organization are a better GPA than I would have had otherwise, being more involved on campus, and most importantly I have found my family away from home. The single most important take away from being in a fraternity is the people, your brothers. Sigma Tau Gamma for me, has become my family, they are the people I live with and hangout with more than anyone else. These will be the men that you rely upon for friendship and comradery for all of your life. Theta Chi

Welcome Gentleman,

Our university has a storied history and lively Greek community. On behalf of all of our fraternities, welcome to Oklahoma State. Theta Chi at OSU provides leadership opportunities, and the closest brotherhood you will find on campus. Working hard and gentlemanly-conduct define our fraternity, as we endeavor to succeed in all aspects of the community.

Placing first place in the 2016 Spring Sing competition, along with several philanthropic and homecoming awards, show what any chapter can accomplish with the right leaders. Our fraternity motto, "An Assisting Hand", exemplifies what we are all about: we strive to improve Stillwater and the university through various philanthropy events. Theta Chi teaches these pillars of living: Truth, Temperance, and Tolerance. Demonstrating these in our actions every day not only improve the lives of others, but helps us reach our personal aspirations.

The gentlemen of Theta Chi Fraternity represent the best in leadership and academics, which allows us to be the best version of ourselves. Greek Life can be the most rewarding experience of a college student's life and the Greek community presents an opportunity to find our best friends and a sense of belonging. Before college, I never saw myself joining Greek Life; I consider joining Theta Chi the greatest decision of my life. I am excited for our chapter's future, for I know it will be a successful one. Find your passion during your time at OSU and pursue it.

Go Pokes and Rush Theta Chi!

All the best,

Timothy Neary,

What types of opportunities are there after college?
Joining a fraternity or sorority is a lifetime commitment with lifetime benefits. Following graduation, members can find alumni groups from their organization all over the nation. These alumni groups offer the continuation of the friendship and experiences of Greek life.

What time commitment is required when joining a sorority or fraternity?
Membership in a Greek chapter requires from two to eight hours per week. Being a part of a fraternity or sorority can be as time consuming as the student chooses. Participation in some events (Spring Sing, Freshman Follies, Varsity Revue, etc.) take more time than other activities. Greek members learn time management early in their collegiate careers.

If a person joins a fraternity or sorority and decides he or she doesn't like it, can he or she join another one?
That depends on several factors. As long as the person has not been initiated into a chapter, there may be procedures to affiliate with another chapter. There will be a waiting period before that person can sign or affiliate with another chapter. That waiting period will vary based on gender and the circumstances surrounding the situation.

How has Greek membership affected past students scholastically?
At OSU, fraternity and sorority members’ average GPA in Fall 2016 was .3265 points higher than non-Greek students, and the all-Greek GPA has exceeded the all non-Greek GPA for more than 30 consecutive semesters.

Is hazing a problem?
Oklahoma State University has very strict policies, and the State of Oklahoma has laws against hazing. Additionally, the IFC and Panhellenic Councils have adopted a governing document that speaks to the topic of hazing. When violations of the Hazing Code can be substantiated, the responsible parties will be dealt with in a fast, firm and fair manner.

Are there campus rules for living in a fraternity or sorority? Alcohol?
Greek chapters are all considered “university approved housing.” As such, freshmen are allowed to live in them and they must be substance free and provide a house director. All OSU students must conduct themselves according to the Students Rights and Responsibilities. Additionally, the Greek community, through the governing bodies of IFC and Panhellenic, has additional policies and expectations of its membership.

If my son is considering joining a fraternity should he go ahead and submit his residence hall housing deposit in case he changes his mind?
Absolutely. All freshmen are required to live in university approved housing. It is important he have his choice of housing on campus if he does choose to live in a Residential Life facility.

Does financial aid cover any expenses?
Cash awards students receive can be applied to room and board in Greek chapter houses.

What is a house director?
A house director is a live-in adult, sometimes a graduate student, employed by the chapter house corporation. His or her duties vary from chapter to chapter. Generally, the house director serves as host or hostess for social events; supervises employed staff; counsels and works with members; and manages and maintains the house and kitchen. All sororities and fraternities with houses are required to have a house director.
