안녕! 한양대학교!

Welcome Message from the Office of International Cooperation

Hanyang University is pleased to host our international students from all over the world, and we cordially welcome you to Korea. The Hanyang University International Summer School (HISS) opened its doors in 1997 as a means to encourage more international exchanges between Hanyang and its partner universities. Since then, a number and variety of individuals have come and gone, but the warm memories still linger. With years of successful hosting, HISS is looking toward a long and eventful future, with more students and activities to come.

Hanyang is your Destination

International Students	Approximately 4,800 from 70 countries(2012)
Location	Seoul, South Korea
Campus	Seoul Campus (Main), ERICA (Ansan)
Website	www.hanyang.ac.kr/english

International Summer School

Hanyang International Summer School (HISS) was first established in 1997 as a means to encourage more international exchanges between Hanyang and its partner universities.

Hanyang is located in Seoul, which is considered "the heart of Asia". It is a cosmopolitan center of financial, political, commercial, recreational, and

cultural affairs where you can find many places to see, eat, and be entertained.

Every year, HISS offers more than 50 courses that are all fully taught in English to international students from around the globe. In this 4-week program, students can follow up to 3 courses. In the program, there are a wide-range of courses

from which to choose from including Korean Studies, Humanities, Business, Economics, International Relations, Media & Communication, Design, Science, Sports, and Korean language.

International students can also experience aspects of Korean culture by participating in various field trips, excursions and cultural programs. You

can also create life lasting friendships with the Hanyang Buddy Students, who will introduce you to a whole new culture and surroundings, and also other international students who you can make unforgettable memories with you in Korea. Every year HISS is becoming increasingly popular among international students visiting Korea, and we hope you will be one of them too!

05 HISS Scholarship

Only regular fee-paying students are eligible to apply for any of the scholarships below.

Type	Eligibility	Benefits
Early Registration Scholarship	Students who register before April 15, 2014 are eligible for this scholarship	KRW 200,000
HISS Alumni Scholarship	Students who join the HISS for 2 or more years are eligible to become a Hanyang Alumni and thus can apply for this scholarship	KRW 500,000
Academic Excellence Award	Students whose cumulative home university's GPA is over 3.80 out of 4.00 scale are eligible for this scholarship	KRW 500,000
Hanyang Family Scholarship	Students whose parents are Hanyang University Alumni, or are currently employed at Hanyang University as full-time faculty or staff members are eligible for this scholarship	KRW 500,000

* Hanyang University has a wide network of partner universities around the world. Please contact the international office of your home university for additional scholarships possibilities

06 HISS Fieldtrips

Students will have the chance to participate in short day trips and activities in addition to the lectures. These activities will help enhance the Korean experience and provide ample opportunities for discussion among students. All activities are scheduled during Wednesdays and weekends, when students do not have to attend classes.

07 HISS Grading and transcript

The Office of Academic Affairs maintains official records of students' academic work. For each course completed, students will be given a letter grade based upon an 8-point system for undergraduate and graduate students. Grades for undergraduate and graduate students are based upon the following.

Letter Grade	Numerical Value	Grade Point
A+	95 - 100	4.5
A0	90 - 94	4.0
B+	85 - 89	3.5
B0	80 - 84	3.0
C+	75 - 79	2.5
C0	70 - 74	2.0
D+	65 - 69	1.5
D0	60 - 64	1.0
F	0 - 59	0.0

Credit transfer

Students who wish to have the HISS program credits transferred to other colleges and universities are advised to consult with the appropriate academic authorities at their home institution in advance, using as reference our course syllabus posted online. Academic advisors at the student's home university will render the final decision on whether a particular HISS course may be applied towards their major or elective requirements.

Transcript

Transcripts will be mailed to the address requested by students by regular mail service. Students can expect to receive their transcripts approximately one month after the program ends. For additional transcripts there will be a charge of 20 US\$ for each, and express airmail will be used.

08 HISS Faculty-led program

The Faculty-led Program is specially designed to promote cooperation between Hanyang University and its partner universities. In this program, faculty members and students can come together to the Hanyang International Summer School (HISS). The faculty member can deliver a course(s) of their interest to both their home university students and other international students participating in HISS. By enrolling together, faculty members and students can take advantage of benefits such as tuition reduction.

Schedule and process

Jan. 1 – Mar 17	Apply online at www.summerschoolkorea.com <ul style="list-style-type: none"> • Application • CV / Resume • Certificate of Career • Course Syllabus
- Mar 31	Screening and nomination
Apr 1 – Apr 30	Employment documentation <ul style="list-style-type: none"> • Contract • Agreement of employment • Certificate of residence Visa & Arrival

- Remuneration
- Free Accommodation
- Round-trip Airfare
- Student Mentoring Incentive
- Special Scholarship for Students

Eligibility

- Over 5 year teaching experience
- Master Degree or higher
- Currently teaching full time at higher education institution
- Able to accompany a minimum of 5 students
- Overseas teaching experience preferred

Testimonials

David A. Mason / NamSeoul University

"Korea is becoming recognized as one of the leading nations in the 21st-century globalized era, and Seoul itself is increasingly known as a hotspot of fashion, design, food, music and cultural innovations. The HISS provides a great opportunity for you to experience all aspects of this dynamic country, getting an in-depth intensive education about what is making it click. Join us here in summer 2014, right at the heart of booming Northeast Asia."

Visa information

Since the program lasts less than 90 days, a 90-day tourist/student visa will be sufficient for enrollment at the Hanyang International Summer School. All foreigners remaining in Korea over 90 days must obtain a Certificate of Alien Registration from the Seoul Immigration Office. Depending upon citizenship, an entrance visa for Korea may not be necessary. For U.S. and most European citizens, a 90-day visa can be obtained relatively easily without the submittal of complicated documents. Please contact the Korean Embassy in your area to confirm what visa is needed to enter Korea, and to inquire about the process of obtaining that visa.

Insurance

HISS has bought accident insurance for all HISS participants which is efficient during the program. This insurance plan is affordable, flexible short-term accident insurance policies designed to minimize student's economic burden while they stay in Korea. To be eligible for any of these plans, you must have a current passport, visa and/or foreigner registration card and actively engaged in education or research activities in Korea.

For more coverage such as medical insurance, students are strongly recommended to buy their own insurance prior to arrival.

Medical facilities

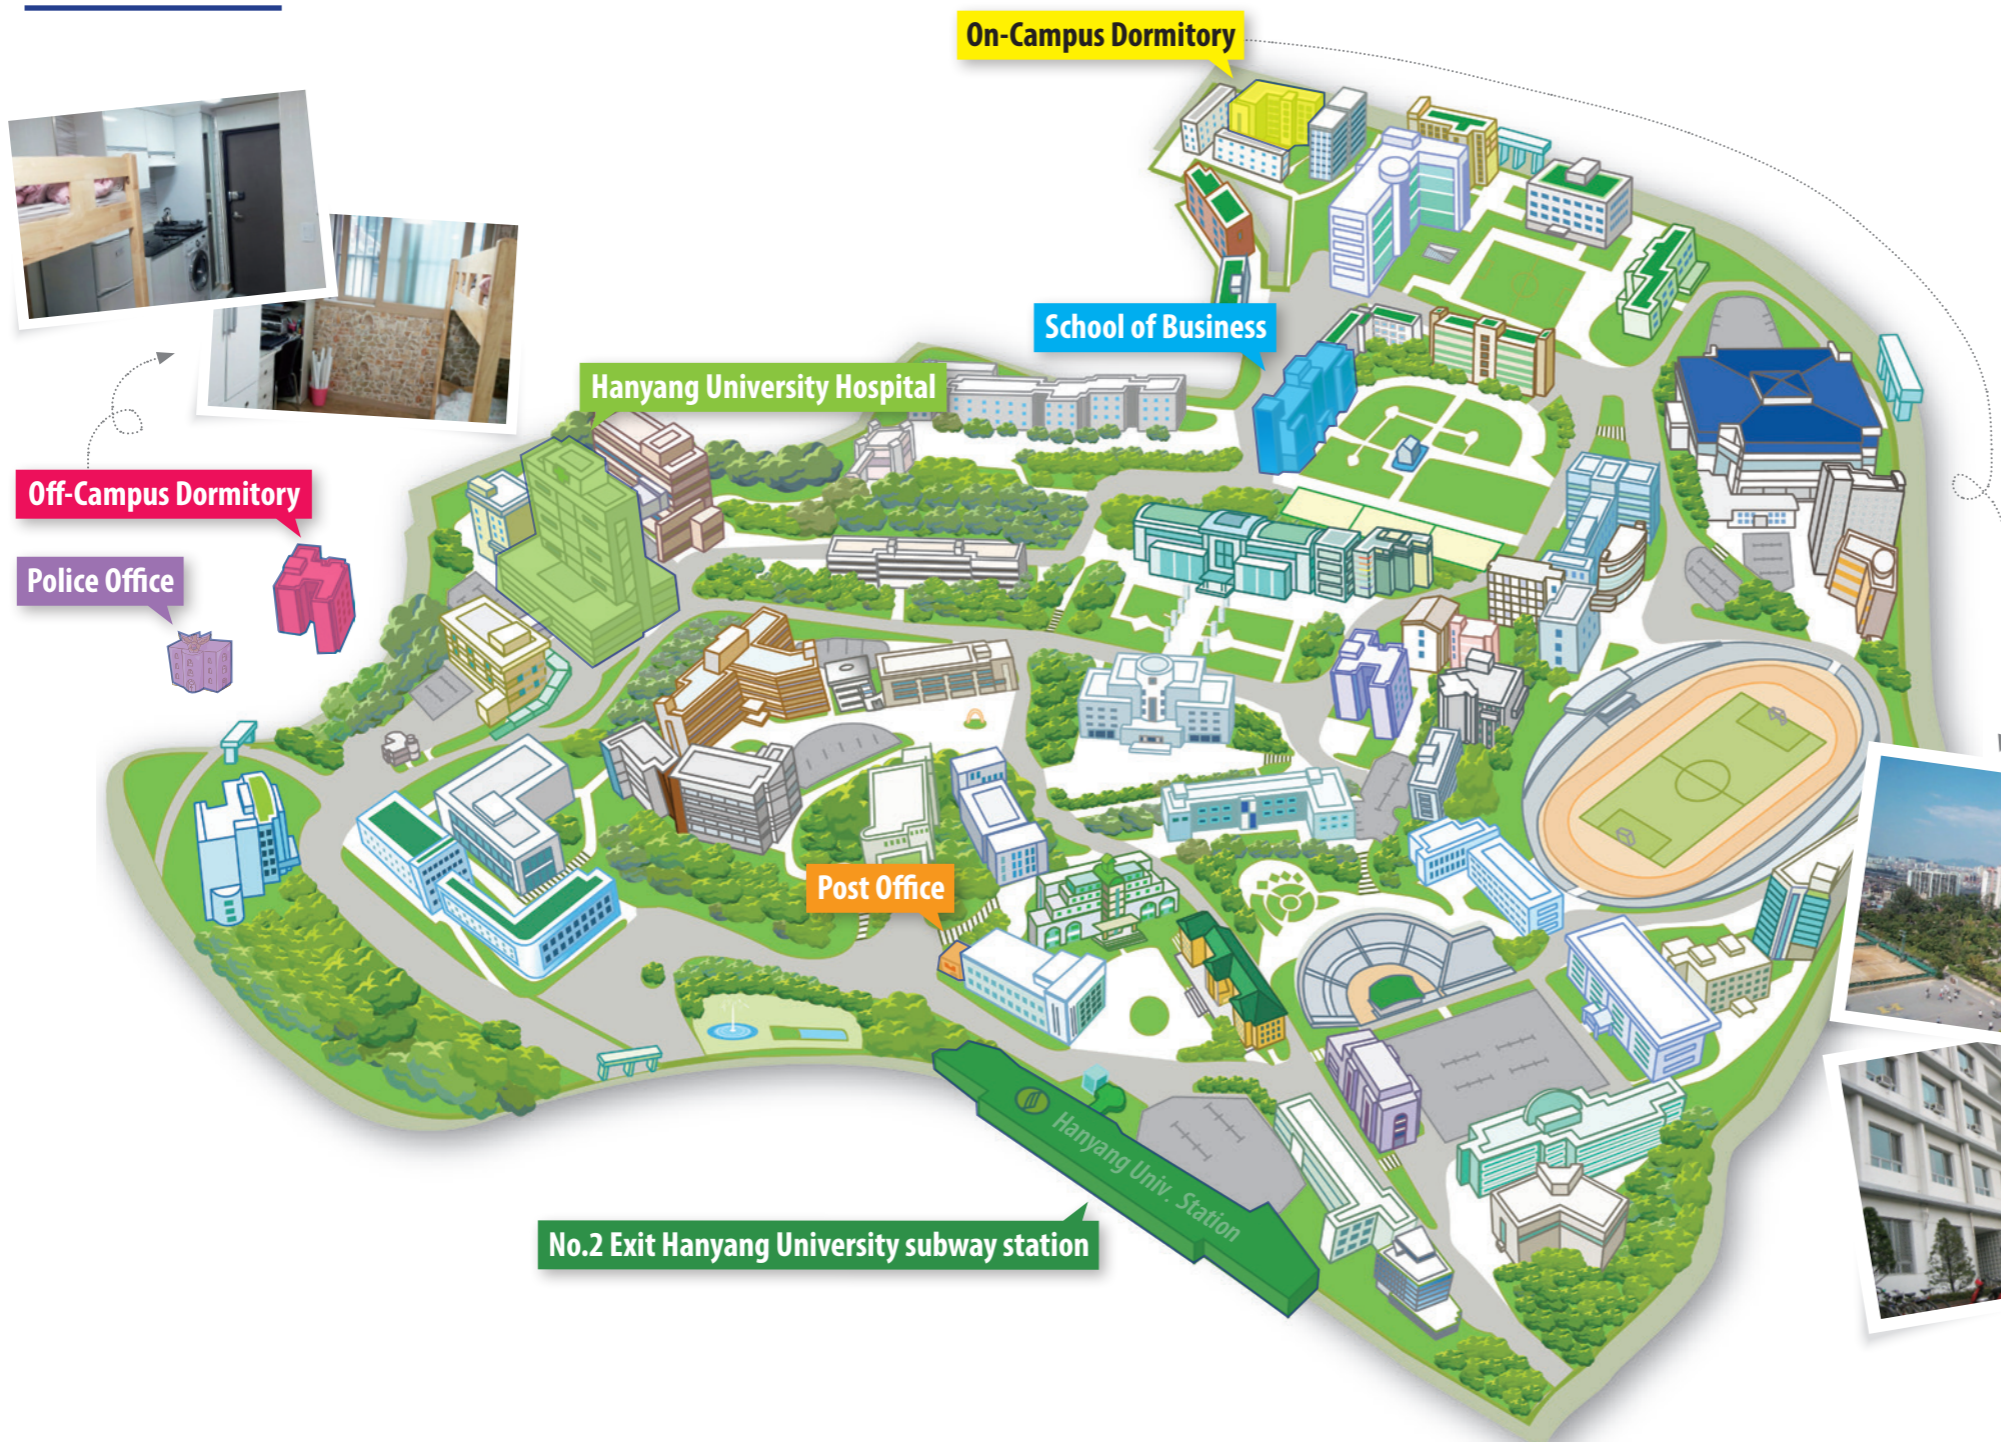

In cases of emergency, students can go to the Hanyang University Medical Center to seek medical attention. The Hanyang University Hospital provides medical services 24 hours, and the Hanyang International Cooperation Hospital is specially designed for international patients. Moreover, general assistance is always available at the Office of International Cooperation.

Laundry service

Laundry machines are available. All students who participate in the HISS Program can use the laundry machines free of charge. Dryers are available and cost 1000KRW.

Campus Map

Accommodation

Hanyang University provides on-campus dormitory and off-campus housing for HISS participants which are conveniently located within 5~15 minute walk from the classrooms. All students share a room with a roommate and each room is furnished with separate beds, closets, and desks. The student cannot choose in which housing he/she will reside. Among the facilities available near the buildings are a study hall, a convenient store, a laundry room and a cafeteria. Please note that the dormitory fee does not include meals. Students can have meals at various student cafeterias on campus or at nearby restaurants both on and off campus.

10 HISS Testimonials

Mignon Robles

Mount Royal University, Canada

The time that I spent in Hanyang was beyond anything I could have ever imagined. From the places we visited on our field trips, the classes I took, the food I ate, and especially the people I met... Hanyang has given me memories to cherish for life.

When people think of summer schools, they usually think of long boring days in the classroom...but not for the HISS students. The program gave me a choice of how many classes I would take, and even had the option to drop a class!! My days consisted of class time, sightseeing through Seoul, hanging out with friends, and the infamous night life of Korea. Simply put...my days in Korea were awesome.

HISS offered a wide range of courses, from business to the media arts...you're bound to find a class that you'll want to take (they even offer TAEKWONDO!). And the school organized fieldtrips every week. All you had to do was sign up for which ones you wanted to participate in, and the coordinators took care of everything else; all we had to do was show up and have fun!

And the people you'll meet in the program will amaze you. They come from all over the world and are the friendliest bunch ever! And even to this day, I keep in contact with a lot of the friends I met during the program. Sure, you'll be thrown into a campus dorm with a bunch of strangers, but as the days past...you'll be spending your time with them, become friends, and by the end of the program you'll think of them as family.

Paul Strobel

University of East London, UK

Hanyang University and their summer school staff did their best to show every student a great time.

The field trips we did every Wednesday were always interesting and sometimes real eye openers to the strange and different culture we suddenly found ourselves in. Just to name a few of the trips, we went on a city tour of Seoul, to an amusement/waterpark, to a traditional Korean village and the Hyundai factory. My personal favorite was definitely the trip to the Boryeong Mud-Festival. Who doesn't dream about being a kid again and rolling around in the mud for a day? The fun trips were one thing but also the classes and courses presented a high academic standard and were challenging and pushed students to engage with their subjects. The teachers in my subjects were superb. To be honest most students found it hard to concentrate on their courses with so many new experiences waiting behind every corner and so much left to discover. One month definitely was too short to do both, study and experience Korea at its best. However we all tried to manage both.
