The image contains a page from a document with various sections and information. The text is not clearly legible due to the quality of the image. It appears to contain information about academic and administrative services, possibly for a university or educational institution. The text includes contact information, office hours, and various departments such as Physics, Chemistry, and Biology. There are also sections labeled "Academic Development Center" and "Career Services." The layout is typical of a campus directory or a services guide. Due to the clarity of the text, a detailed transcription is not possible, but it seems to be an informational page meant to guide students and faculty.

About LASSO
The Learning And Student Success Opportunity Center (LASSO) provides academic support through a variety of programs. In addition to free tutoring for undergraduate courses, we provide free Supplemental Instruction and academic success coaching. We are located in 021 Classroom Building. The administrative offices are open Monday to Friday, 8 a.m. to 5 p.m., while the tutoring center has extended hours during the fall and spring semesters.

What LASSO Offers
TUTORING
LASSO offers free, one-on-one tutoring for OSU students. LASSO Tutors are highly achieving and well trained. LASSO Tutors are available for over 300 courses, including Biology, Chemistry, Engineering, Math, Physics, Statistics, and more. Please visit the LASSO Tutoring page (lasso.okstate.edu/tutoring) for more information.

SUPPLEMENTAL INSTRUCTION
Supplemental Instruction (SI) is a group study opportunity available to students enrolled in traditionally challenging courses at OSU. SI sessions are led by students who have already successfully completed the course and received an "A." SI sessions are offered multiple times each week and focus on reviewing key course content, discussing class lectures, and preparing for examinations. Please visit the LASSO SI Information page (lasso.okstate.edu/si-info) for more information.

ACADEMIC SUCCESS COACHING
LASSO offers free Academic Success Coaching for OSU students. All of our success coaches are professionally trained and committed to student success. Coaches can help students set academic and personal goals, develop time-management plans and study schedules, resolve issues affecting academic success, stay informed about university policies and procedures, and improve relationships with peers and professors. Please visit the LASSO Success Coaching page (lasso.okstate.edu/success-coaches) to request a Success Coach or for further information.
